## Compatico PolyPanel System

The Compatico PolyPanel System is a completely new, one of a kind, tiered panel system that offers maximum design flexibility without overwhelming you with options. With Compatico PolyPanel you get the look of a stackable tile system at a much lower price.

## Customize Your Work Space

Compatico PolyPanel's multi-panel and frame system is attractive, easy to plan, and provides more options for your office system panels. Up to three different panels (fabric and/or glazed) can be stacked on each other to create multiple designs on each panel wall. This allows you to create a customized design for your workspace.

### A Simple, Sensible Investment

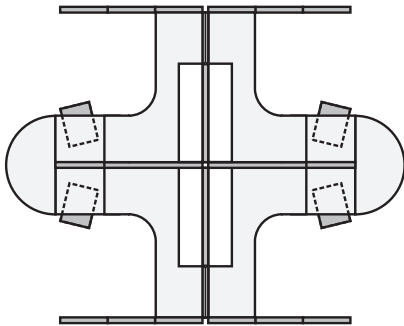

The Compatico PolyPanel maintains much of the basic design of Compatico's successful A01/A02 Office Furniture System. This system allows us to stack multiple panels and meet the ANSI/BIFMA structural standards. By introducing different fabrics and using glazed window units (smoked, frosted, or clear) when desired, Compatico's PolyPanel System creates the tile look at a fraction of the cost.

## Rigid Construction, Flexible in Function

Assembly of the Compatico PolyPanel System is easy. It uses standard Compatico A01/A02 hardware that adds strength and stability to any office layout. Base panels come in a variety of sizes and work with 6", 8", and 14" stackers to create the panel size you desire.

### Work Station Product List

QTY.	PROD. #	PRODUCT DESCRIPTION			
2	FBB167.24	PolyPanel A02, Part-Glazed 67(48x14)24	2	UNP502.02	Ext. Corner WS-Curvelinear, 72Lx48Rx24x24
4	HMB167.48	Panel-A02, 67x48	2	UNP510.02	Ext. Corner WS-Curvelinear, 48Lx72Rx24x24
2	HBB153.24	Panel A02, 53(34x14)24	4	HMP400.02	Work Surface, A02 24X24
4	HBB153.24	Panel A02, 53(34x14)24	2	HMP438.02	Spanner Work Surface, A02 180 Degree, 24
8	HBB467.24	Panel A02, 67(34x14x14)24	2	HMP165.16	Cantilever, 16.5
6	HMP213.48BK	Rod & Block Connector Kit, 48	12	HMP166.16	Cantilever, 16.5 Shared
6	HMP213.62BK	Rod & Block Connector Kit, 62	2	HMP455.01	Corner W/S Support Brackets, HM, Pair
6	HMB128.48	End Cap Assembly 48	2	UNP470.01	Peninsula Support Leg, Single
2	HMB137.62	Connector Assembly, 3 Way 62	4	HMA273.48	Flipper Door Unit, A02, Fabric-Covered 48
1	HMA132.62	Connector Assembly, 4 Way 62	4	UNP164.48	Tasklight 44 W/Mounts
3	HMP913.48	Rigid Variable Height Filler 48"	4	HMP698.22	Pedestal, Mobile, 22 6/6/12 A-style
